At A Glance	37
Mipim Awards	47
Exhibitors Events	65

mipim[®] **Road to Zero** stage

1-hour sessions to learn and implement solutions to decarbonate Real Estate, organized by partner associations recognized in the industry.

mipim[®] **Leaders' perspective** stage

Imagine the future of Real Estate with star players from inside and outside the community: what our industry should, and will be? Geopolitics, AI and demographics forecasts will help answer.

mipim[®] **Asset Class** stage

Workshops dedicated to main asset classes incl. infrastructure, to gain insights and new connections. 1-hour sessions will also be dedicated to Data centers and Life sciences.

mipim[®] **Make it happen** stage

Operational excellence is key to answer the current market issues. Discover practical solutions to do more with less through case studies and awards projects presentations.

mipim[®] **Geo Focus** stage

1 hour to gain insights into local markets: a keynote presentation to gather quantitative insight on the market, followed by a panel discussion.

mipim[®] **UK** stage

A dedicated one day event taking place for the first time at MIPIM this year – will explore the latest trends, opportunities and challenges for this dynamic marketplace. With extensive networking and diverse interactive formats.

Speakers

Sanna Marin

Former Prime Minister & Head of Government of Finland

Opening Keynote – Tuesday 12 March – 15.10 -16.10 – Grand Auditorium Stage

Sanna Marin is the Former Prime Minister of Finland (2019-2023) and the leader of the Finnish Social Democratic Party. Appointed at the age of 34, Marin served as the youngest Prime Minister of the world when taking office in 2019. In 2015, Marin was elected to Parliament on her first run, where she was a member of the Grand Committee, Legal Affairs Committee, and Environment Committee. She has also served as Chair of the Social Democratic Party since 2020. Marin's government has been considered one of the most successful in handling the COVID-19 pandemic, especially in terms of lost lives and economical damage caused by the pandemic. Following the Russian invasion of Ukraine, Marin led her country through the most swift NATO accession process in the whole history of the alliance. **Marin now specializes in topics of geopolitics, strategic autonomy, climate change, and female leadership.**

Marin has been actively engaged in politics since 2006. "Being involved and making a difference represent civil rights for me. Changing things takes commitment. The welfare state or the ground rules for working life should not be taken for granted; they are the result of hard work and determined efforts." Environmental values are also close to Sanna Marin's heart: "Climate change and loss of biodiversity are some of the biggest problems of our times. Addressing them takes strong political will and determination."

Marin made history as the longest-serving woman prime minister of Finland, leading a parliamentary coalition entirely headed by women and a majority-women cabinet. She has spoken at **Davos AM23**, the **Lowy Institute**, the **Munich Security Conference**, and for **New York University's 2023 Commencement**, among others. In addition to the historical challenges during her leadership, Marin's government passed many progressive reforms in Finland, including **world's most ambitious climate laws aiming for carbon neutrality by 2035**, **family leave reform sharing paid leave with both parents equally** as well as **major reforms improving healthcare, education and human rights.**

HOUSING MATTERS!

by mipim × Co-Liv

Every week, more than 1.5 million people move to a city somewhere in the world. They arrive in search of better jobs, educational opportunities, healthcare systems, and cultural scenes. Yet most cities are not keeping up with rising housing demands, which drives up prices and housing inequality in the process. By 2050, 70 percent of the global population will live in cities - and many of those urban areas do not exist yet. This is a daunting thought and a massive task. It is also a blank canvas, allowing us to imaginatively explore how we might shape the future of living.

We are now faced with multiple challenges such as housing shortages, continuing interest rate hikes, resources dilemmas, decarbonation challenges and supply side concerns. This all needs to be tackled head on now for the good of people and communities. With this in mind, has the golden age of build-to-rent and cooperative housing now reached us? Could now be the time to move forward quickly?

MIPIM and Co-Liv will gather hearts and minds once more for this special pre-opening half-day summit on Monday 11th March. It will consist of investors, developers, local authorities, associations and urban experts to name a few. Let's explore solutions and share visions of what sustainable housing should and could be. Join us for this inspirational and innovative event - Housing Matters!

- 13.00 - 14.00 Welcome Coffee
- 14.00 - 14.10 Welcoming by MIPIM x CO-LIV
- 14.10 - 14.50 Understanding the Current Housing Landscape
- 14.50 - 15.00 Join the conversation on Housing: uniting for change
- 15.00 - 16.00 Best of Housing: a worldwide tour of best innovations
- 16.00 - 16.30 Break and Networking
- 16.30 - 17.30 Reinventing Housing: Solutions and Concrete Actions
- 17.30 - 18.00 Solution Speed dating
- 18.00 - 18.20 Housing scenarios for the future
- 18.20 - 18.30 Closing Remarks and Recap
- 18.30 - 22.00 Networking and cocktail party

16.00 - 22.00

Here are the 2024 MIPIM Awards finalists

For its 34th Edition, the MIPIM Awards will celebrate the industry's most useful, sustainable and visionary projects.

The jury of high-profile experts and chaired this year by François Trausch, Chief Executive Officer & Chief Investment Officer, PIMCO Prime Real Estate, has whittled the more than 200 entries down to a shortlist of 40 projects.

It's now time to vote for the winners, and celebrate the best of the industry!

Until midday on Thursday 14 March, all 40 finalists are submitted to a vote at the MIPIM Awards Gallery located in the heart of the exhibition area, and you are invited to vote for your favorite project in each category

Combined with the jury's vote, your vote will determine the ten category winners to be announced at the prestigious MIPIM Awards Ceremony.
